

TITLE: WATER SUPPLY MAINTAINER 3

CODE: 37204

GENERAL DESCRIPTION:

This is highly responsible general maintenance work involving the operation of a wide range of maintenance equipment and the performance of maintenance tasks.

Work involves responsibility for safe and effective maintenance of lands, facilities and equipment. Duties include operating dump trucks including trailers, construction equipment, power equipment and reservoir facilities. This position also has the responsibility for making difficult general maintenance decisions in accordance with established procedures. This work requires that the employee have considerable knowledge, skill and ability in equipment operation and property maintenance.

SUPERVISION RECEIVED:

Works under the general supervision of the Water Supply Maintenance Crew Leader or other supervisor.

EXAMPLES OF DUTIES:

Maintains roads, reservoir lands and facilities, pipelines, structures, and related facilities through the operation of construction and other equipment. Transports equipment and materials on a trailer with a dump truck, as assigned.

Performs a wide variety of general labor tasks including brush cutting, sanding and plowing, grass cutting, tree work, catch basin and drainage work, and reservoir facilities operation.

Performs work in a safe manner and observes all safety procedures.

Uses all tools, equipment and materials responsibly and performs basic inspection and preventive maintenance prior to use.

Fills out job or shift report forms, as assigned.

Performs work of lower classifications, as necessary.

May oversee the work of lower classifications, as assigned.

Performs related work as required.

TITLE: SIGN FABRICATOR

CODE: 37201

KNOWLEDGE, SKILLS AND ABILITIES:

Considerable knowledge of the tools, equipment, and methods of water supply maintenance.

Considerable knowledge of the work standards and safety procedures in water supply maintenance.

Good skill in the operation of construction equipment and a dump truck and trailer.

Thorough ability to perform water supply maintenance safely, effectively and efficiently.

Thorough ability to follow oral and written instructions and to learn District procedures. Good ability to communicate orally.

Good ability to fill out forms and charts.

Some ability to oversee the work of others.

Considerable ability to establish and maintain effective working relationships with coworkers and the general public.

QUALIFICATIONS:

A high school diploma or the equivalent plus four years of experience in construction equipment operation or water supply maintenance or a related field, or an equivalent combination of education and qualifying experience substituting on a year-for-year basis.

SPECIAL REQUIREMENTS:

Must have a valid Commercial Driver's License, sub-classification "A" with airbrake endorsement, as required.
