Construction activity for the Metropolitan District's (MDC) Clean Water Project will be starting again this spring on the Tower Avenue North Sewer Separation Project. In order to successfully complete the remaining work scheduled for this year we are carefully planning traffic patterns – including detours and delays -to minimize the impact on residents and business owners.

**WE NEED YOUR INPUT TO ENSURE THIS PROGRAM WILL WORK FOR YOU.** Please join us to provide your feedback and learn how you can stay informed during this construction season.

*Please contact Carla Williams, Outreach Liaison at (860) 816-7836 if you are unable to attend but would like more information about this project.*
