Notice

Preliminary Design Work

South Hartford Conveyance Tunnel Project

The Metropolitan District with its consultants Camp Dresser & McKee, Inc., and Aquifer Drilling & Testing, Inc., will be conducting tests for preliminary design work in your neighborhood.

The **South Hartford Conveyance Tunnel Project** is being designed to reduce or eliminate combined sewer overflows (CSOs) to local water bodies. In preparation for this project, we will be conducting geological tests, which includes, taking soil and rock samples and is an essential part of the preliminary design work.

A drilling rig and labor crew will be in the area for a period of up to 2 weeks. *The hours of operation will be from 8:00AM to 6PM, Monday through Friday.*
